

PRODUCT OVERVIEW

You can create high quality and long-lasting labels with the genuine Dymo S0722460 suspension file label tape. The Dymo S0722460 tape is ideal for creating suspension file labels. The 50mm x 12mm Dymo label tape has a white background and black text. Using thermal transfer printing, there's no need for ink or toners when using original Dymo S0722460 suspension labels. These Dymo LW suspension file labels are just the thing for file management and your organizational needs at home or in the office. Packed in a roll of 220 labels, they provide a cost-effective solution to your labeling needs.

- Makes organizing and identifying suspension files easy.
- Direct thermal print technology provides clear text without messy, expensive ink or toner.
- Packed in rolls, so that you can print one label or hundreds with ease.
- Black print on white for sharp contrast and easy readability.
- Compatible with DYMO LabelWriter label printers.
