

PRODUCT OVERVIEW

The **Dymo LetraTag LT-100T** is primarily intended for home use: its features having been shaped by consumer feedback. It has a QWERTY keyboard (typewriter layout) and offers a good range of font sizes and styles such as bold: underline italic: outline and shadow. Your text can be placed inside a rectangle: reproduced horizontally or vertically: and printed on a variety of colored labels including metallic and transparent. If some part of your home is always a disorganized mess: the LT-100T might be the answer. In the right hands, it can be a weapon of mess destruction!
