IRISPen Air 7

Smart wireless pen scanner.

The IRISPen™ Air 7 is a full-featured text recognition pen scanner. It works just like a highlighter! Simply slide the digital pen over printed information from newspapers, magazines, books, letters, etc. and the text will instantly appear on your PC, Mac or iOS & Android devices.

The device is completely wireless just connect it via Bluetooth to your favorite platform and scan on-the-go whether you are at home, abroad on a train or a plane.

Thanks to its integrated translation functionality for over 50 languages you will make your translation appear on the screen in a matter of seconds.

It also reads it out loud for you! Thanks to the text to speech feature you scan while hearing the consistency of the scanned lines.
