WorkForce Pro
WF-C869RD3TWFC

Save on energy and cut waste with this reliable 4-in-1 business MFP, featuring predictable printing costs and low user intervention.

Print 84,000 pages[1] without any supply changes with this exemplary business printer, using Epson's super-high-yield Replaceable Ink Pack System (RIPS). Cut intervention downtime and lessen your impact on the environment with a reduction of up to 95 percent on energy[1] and 99 percent on waste[1]. It also uses PrecisionCore technology, renowned for its speed, quality, reliability and efficiency.

Print 84,000 pages uninterrupted
Thanks to super-high-yield ink supply units, you can print up to 84,000 pages without replacing the ink[1], that's up to 4.5 times more prints than colour lasers and copiers[2]. It cuts intervention time by up to 98 percent[2] as replacement inks are few and far between.

The best choice
It uses Epson's most advanced printhead designed for business, PrecisionCore. But that's not all; compared to competitive colour lasers it uses up to 95 percent less power[2] thanks to its no-heat technology. There really is no contest; it also beats lasers and copiers with an up to 99 percent reduction in waste and it's up to 23% quieter than lasers and laser copiers[2].

Be more productive
Its first page out time is up to three and a half times faster than competitive products[2]. Wait times and the distance to collect print jobs are minimised too as it's a workgroup printer.
